

## Capabilities Statement

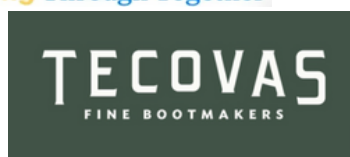

# Delivering Reliable Logistics Solutions

## Core Competencies

Insite Logistics is a VA Certified Service Disabled Veteran Owned Small Business (SDVOSB). The company was founded in 2020 by transportation professionals, who have decades of experience in the freight and trucking industry. We take pride in delivering value through streamlining your daily responsibilities, improving transparency and communication, and driving greater efficiencies. Our process drives long-term stability and efficiency in your supply chain and shipping operations.

We are backed by a database of over 1800 partner carriers who provide our agents with unparalleled service and highly competitive rates. The core of our business is the strong relationships with our customers. We are not just a business partner to you. We are an extension of your company and brand.
